

C\_TeststatCriterion

```
graph LR; A[C_TeststatCriterion] --> B[C_TeststatPvalue]; A --> C[get_pvalue];
```

The diagram illustrates a central node, C\_TeststatCriterion, which is shaded gray. Two blue arrows originate from its right side. The upper arrow points to a white box labeled C\_TeststatPvalue. The lower arrow points to a white box labeled get\_pvalue.

C\_TeststatPvalue
